## LET'S WORK TOGETHER TO HELP CLUBS THRIVE!

## ABOUT THE COUNCIL

The Council for Military Spouse Clubs strives to help Military Spouse Clubs/Organizations operate more efficiently and effectively to help clubs remain compliant, relevant, and vibrant by providing resources, facilitated collaboration, and support from military spouses with years of experience. We believe that our military communities are stronger with the support of Spouse Clubs so the Council was founded to assist with that goal.

The Council understands the ever-changing climate of non-profit military spouse clubs, and recognizes how military spouse clubs have evolved through the years. Many Clubs face challenges with volunteer management, updating procedures and policies, changing membership rules, and complying with a web of legal and tax regulations, especially when membership turns over frequently because of relocations. To assist with these challenges, we publish best practice guides, templates for policies, procedures and governance issues and record webinars on topics crucial to running a nonprofit organization on a military installation.

The Council hopes to eliminate the risks present in the military spouse club environment by offering these resources based on our subject matter expertise. Our volunteer leaders are not only leaders within spouse clubs and other military related organizations, but many have professional experience with the areas where clubs struggle most.
